5	Pravinkumar P	Testing Support	Testing & Results	Presented functional testing results, verified generated outputs, and explained observed issues and resolutions.	Active
6	Mohammed Jamil Fiyaz J	Documentation Support	Documentation & Future Enhancements	Presented documentation, limitations, and future enhancements including collaboration, publishing, and	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Pravinkumar P
Overall Team Coordination Rating (1-5)	5
Any issues during demo	Minor Gemini API/model configuration, prompt refinement, and integration issues were encountered during development and testing.
How issues were resolved	The team reviewed the prompt and API configuration, tested the ComicCraft workflow, and verified the generated story, panels, and presentation flow before the demonstration.

Demonstration Readiness

The team prepared a coordinated ComicCraft demonstration covering the creator journey from idea capture and prompt design through story generation, panel planning, character consistency, and final comic delivery. Each participant supported a defined section and collaborated on testing and rehearsal.

Story Flow

Prompt → Story → Panels → Dialogue → Export

Team Handoff

Clear transitions between presentation sections

Review

Final output, risks, and future enhancements
